

# INTEGRATE WITH THE TALENTCLICK API

Automate your assessment workflow by connecting your HRIS/ATS system directly to the TalentClick Portal to request assessments and retrieve results.

## Step 1: Get Secure Access to the TalentClick Portal

Easily use your provided credentials to establish a **secure connection between your HRIS/ATS system and the TalentClick Portal.**

## Step 2: Request Participant Assessment Links

Automatically request unique assessment links for your participants, **delivered directly through your HRIS/ATS platform.**

## Step 3: Retrieve Participant Assessment Results

**Automatically pull participant data back to your HRIS/ATS system** after assessment completion, including individual dimension scores (raw data) or full PDF reports.
