

# Looking for Enhanced Test Integrity?

## Add-On Identity Verification & Session Monitoring

### What Is Virtual Proctoring?

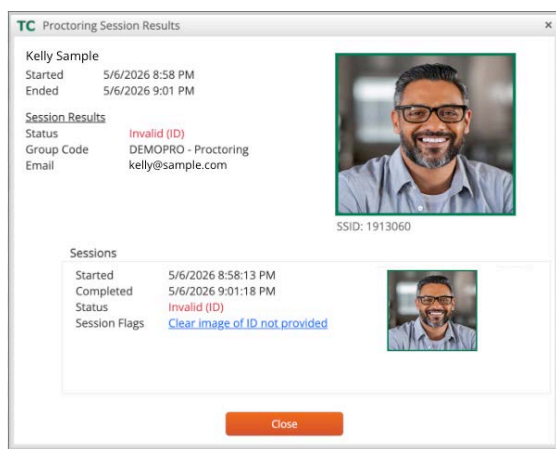

Virtual Proctoring adds a secure identity verification and monitoring layer to any TalentClick online assessment, which can be completed on any device. By combining AI-assisted and human-reviewed monitoring to confirm who is completing the assessment, proctoring helps you affordably combat cheating before it affects a hiring decision.

- ✓ **Government ID verification:** Participants confirm their identity with a photo ID before every session.
- ✓ **Live camera monitoring:** Participants are required to stay in view and are warned not to use AI or external resources.
- ✓ **Automatic rule flagging:** Extra people in frame, headphone use, or disengaging from the session are flagged for review.
- ✓ **Configurable by assessment:** Turn proctoring on or off per group at any time, so you only pay for it when you need it.

### Why Add Proctoring?

-  **1 Business Day**  
Typical turnaround for proctoring results in your portal.
- ✓ **AI + Human Review**  
Every flagged session is reviewed twice before it's finalized.
-  **Portal-Ready Reports**  
Export a usage summary or detailed CSV file of participant results.
-  **Simple Setup**  
No download or software required.

### How it Works: 3 Easy Steps

- 1 TalentClick Sets You Up**  
TalentClick enables proctoring within your Portal account.
- 2 Participants Complete Assessment**  
Participants verify ID and allow camera access, then complete the assessment.
- 3 You Review Results**  
See Valid, Invalid, or In Progress status and flags in the TalentClick Portal.
